

Harvest Moon Ball

A Southern Soirée

Presented by:
Julie Perverseff in honour of Cor Van Raay

Thank you for advancing seniors' care in Lethbridge

Thanks to the incredible generosity of supporters like you, our Harvest Moon Ball: A Southern Soirée, presented by Julie Perverseff in honour of Cor Van Raay, raised over \$117,000 to improve the health and well-being of seniors in Lethbridge. Your commitment and generous support have a lasting impact, directly benefiting the residents of St. Michael's Health Centre, St. Therese Villa, Buffalo Grace Manor and Martha's House.

Because of your dedication, funds raised will stay in Lethbridge supporting all four sites. This allows us to invest in essential technology, specialized training and quality-of-life initiatives that enhance mobility, independence and community connection for residents, their families and healthcare teams, ensuring they receive compassionate care.

To all of our sponsors, donors, and volunteers: this night's success is yours! Your role in driving transformative and meaningful change is deeply appreciated, and we couldn't have done this without you. Thank you for being an integral part of this journey. We look forward to seeing you at next year's Harvest Moon Ball where we will continue to make a difference together!

"I continue to sponsor the Harvest Moon Ball to honour Cor's legacy of philanthropy and community spirit. He loved this event and working with Covenant Foundation to support the sites here in Lethbridge."
